

Advertise Directly to Your Targeted Customers

TSH Banner Ad Media Guide – www.texassporthunter.com

In the past several years the hobby of hunting has grown into a multi million-dollar business and has seen tremendous growth. Hunting styles, techniques and products are very different across the US and are best discussed and implemented in a more

regional or local forum. Texas hunters know well that hunting in the East Texas Piney Woods is very different than hunting in South Texas brush country, and not at all comparable to hunting in others states. This is why the Texas Sport Hunter Forum was founded.

The Texas Sport Hunter forum was created to provide a free community for hunters to discuss, acquire and exchange information about hunting in the State of Texas. The topics are designed to target Texas hunting of all kinds and provide a regional approach; so like-minded hunters can communicate easily about subjects that interest them. Texas Sport Hunter has been online since early 2007. Currently TSH has over 50

members and is accepting over 42,000 hits per month. No doubt will the TSH forum become a tight knit community of friends sharing a common passion about hunting in the great state of Texas.

Texas Sport Hunter forum is now offering banner advertising within the TSH forum. Drive traffic to your website and directly target the Texas hunting market via these high profile banners. These banners provide visibility for your company or product while increasing traffic to your web site.

- Each banner ad is 600 x 80 pixels
